

**Department of  
Public Works  
and Planning**

**Re-Roof Certification**  
(For Compliance with Assembly Bill 3819)

Development Services Division

I, \_\_\_\_\_, certify that the roof covering I will install at  
(name of installer)

\_\_\_\_\_ will have a classification as defined in the  
(project address) California Building Code of:

**PROJECT VALUATION:**

Class "A"  
(minimum requirement for SRA\*\*)

Class "C" or better

The slope on the main roof is \_\_\_\_\_ in 12. The slope on the secondary roof is \_\_\_\_\_ in 12.  
The following materials to be installed on these areas:

- Composition Shingles       Metal       Built-Up Roofing
- Tile \_\_\_\_\_ lbs./sq.ft. (Manufactured by: \_\_\_\_\_)  
(Style / Model: \_\_\_\_\_)
- Fire retardant wood shakes / shingles (Manufactured by: \_\_\_\_\_)

***FOR COMMERCIAL REROOF***

- Cool Roof Required (Complete page 1 and 4 of ENV-1C and page 1 of ENV-2C)
- Cool Roof Not Required (Explain) \_\_\_\_\_  
(Contractor/Owner to complete)

The slope on the main roof is \_\_\_\_\_ in 12. The slope on the secondary roof is \_\_\_\_\_ in 12.  
The following materials will be installed on these areas:

- Built-up roofing       Torch-down \_\_\_\_\_       Metal Panels
- Metal Shingles       Other: \_\_\_\_\_

All materials will be installed in accordance with the latest edition of the California Building Code and the manufacturer listings.

\_\_\_\_\_  
(Signature of Installer)

\_\_\_\_\_  
(Date)

**FIRE RESPONSIBILITY AREAS**

\*\* SRA (State Responsibility Areas) includes most areas of the County East of the Friant-Kern Canal or West of Interstate Highway 5.

# Declaration of Installation Smoke Alarms and Carbon Monoxide Alarms 2021

Building Permit # \_\_\_\_\_

Dear Property Owner or Licensed Contractor:

The California Residential Code (CRC) requires that carbon monoxide (CO) alarms as well as smoke alarms shall be installed in dwelling units intended for human occupancy upon application for a permit for alterations, repairs, or additions exceeding one thousand dollars (\$1,000). In order to grant a final approval on your permit, it is necessary to verify the installation of these alarms within your dwelling unit. This form provides you the ability to self-verify this installation to Development Services staff when convenient access to the interior of the dwelling is not readily available, (e.g., re-roof, rooftop photovoltaic system, service change or other exterior work).

## **DECLARATION OF INSTALLATION UNDER THE PENALTY OF PERJURY**

**By signing this document as the owner or licensed contractor, I/we affirm and declare under the penalty of perjury, under the laws of the State of California, by our signatures below as owner or licensed contractor that I/we will comply prior to final inspection with Items A & B as specified herein and in accordance with CRC sections R314 and R315 :**

- A. Smoke alarms are installed in accordance with the approved manufacturer’s instructions and per the requirements of the California Residential Code, in all of the following areas:
  - a. Each sleeping room(s).
  - b. Outside each separate sleeping area in the immediate vicinity of the bedrooms.
  - c. On each additional story of the dwelling, including basements and habitable attics
  - d. Smoke alarms shall be installed not less than 3 feet (914 mm) horizontally from the door or opening of a bathroom that contains a bathtub or shower unless this would prevent placement of a smoke alarm required by this section.
  
- B. Carbon Monoxide alarms are installed in accordance with the approved manufacturer’s instructions and per the requirements of the California Residential Code, in dwelling units where either the dwelling unit contains a fuel-fired appliance or fireplace and/or the dwelling unit has an attached garage with an opening that communicates with the dwelling unit.
  - a. Outside of each separate sleeping area in the immediate vicinity of the bedrooms
  - b. On every occupiable level of dwelling unit, including basements.
  - c. Where a fuel-burning appliance is located within a bedroom or its attached bathroom, a carbon monoxide alarm shall be installed within the bedroom.

**CERTIFICATE OF COMPLIANCE**

*This compliance document is only applicable to simple alterations that do not require HERS verification for compliance. When HERS verification is required, a CF1R-ALT-01 shall first be registered with a HERS Provider Data Registry.*

*Alterations to Space Conditioning Systems that are exempt from HERS verification requirements may use the CF1R-ALT-05 and CF2R- ALT-05 Compliance Documents. Possible exemptions from duct leakage testing include: less than 25 feet (ft) of ducts were added or replaced; or the existing duct system was insulated with asbestos; or the existing duct system was previously tested and passed by a HERS Rater. If space conditioning systems are altered and are not exempt from HERS verification, then a CF1R-ALT-02 must be completed and registered with a HERS Provider Data Registry.*

*Alterations that utilize closed cell Spray Polyurethane Foam (ccSPF) with a density of 1.5 to less than 2.5 pounds per cubic foot having an R-value greater than 5.8 per inch, or open cell Spray Polyurethane Foam (ocSPF) with a density of 0.4 to less than 1.5 pounds per cubic foot having an R-value of 3.6 per inch, shall complete and register a CF1R-ALT-01 with a HERS Provider Data Registry.*

*If more than one person has responsibility for installation of the items on this certificate, each person shall prepare and sign a certificate applicable to the portion of construction for which they are responsible. Alternatively, the person with chief responsibility for construction shall prepare and sign this certificate for the entire construction. All applicable Mandatory Measures shall be met. Temporary labels shall not be removed before verification by the building inspector.*

Company:	Signature Date:
Address:	CEA/ HERS Certification Identification (if applicable):
City/State/Zip:	Phone:

**Responsible Person's Declaration Statement**

I certify the following under penalty of perjury, under the laws of the State of California:

1. The information provided on this Certificate of Compliance is true and correct.
2. I am eligible under Division 3 of the Business and Professions Code to accept responsibility for the building design or system design identified on this Certificate of Compliance (responsible designer).
3. The energy features and performance specifications, materials, components, and manufactured devices for the building design or system design identified on this Certificate of Compliance conform to the requirements of Title 24, Part 1 and Part 6 of the California Code of Regulations.
4. The building design features or system design features identified on this Certificate of Compliance are consistent with the information provided on other applicable compliance documents, worksheets, calculations, plans and specifications submitted to the enforcement agency for approval with this building permit application.
5. I understand that a registered copy of this Certificate of Compliance shall be made available with the building permit(s) issued for the building, and made available to the enforcement agency for all applicable inspections.

I understand that a registered copy of this Certificate of Compliance is required to be included with the documentation the builder provides to the building owner at occupancy.
