If for any reason, there is a dispute over standby all tonnage prices will be reversed to hourly rates. If two or more trucks are sent back on standby and don't receive a load there will be a return charge applied for each truck that does not receive a load.** A fuel increase will be applied to all rates at 1% for every \$0.10 increase once fuel goes over \$6.50 per gallon. For a current rate on fuel please refer to www.eia.gov on-highway retail diesel prices. All quotes including material subject to change without notice depending on material availability. Also, please note that material prices do not include material environmental fees. All individual quotes will be void if this quote is not used in its entirety. All trucking rates shown are "non-prevailing" unless specified. WTB will pass on the extra costs associated with prevailing wage to the customer.** To ensure truck availability WTB requires a weekly estimate of trucks needed, with a minimum of 24-hour notice of confirmation for the scheduling of trucks. With the major shortage of trucks due to the new EPA state mandates, WTB will not be held liable for any shortages of trucks on any project. Please be advised WTB Inc. is a Vendor not a Sub Contractor.

Life of Quote: Unless otherwise specified herein this quote will be VOID 30 days after the noted bid date of WTB Inc. Due to material availability and price fluctuations all material prices will be VOID after 30 days.

Payment: All invoices shall be paid by the 20th of the following month. WTB Inc. is a Vendor-Supplier not a Sub Contractor, late payments will be assessed carrying charges at 1.5% compounded monthly on the outstanding balance. Subject: Small Business Enterprise Certification

Dear MR. HERMAN (KEAVEN) GUILLORY:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under Metro's SBE Program. Your firm will be listed in Metro's SBE database of certified SBEs under the following specific areas of expertise:

NAICS 238110: POURED CONCRETE FOUNDATION AND STRUCTURE CONTRACTORS

Your SBE certification is valid for five years from the date of this letter and applies only for the above NAICS code(s). Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continuing SBE status, you are required to submit an annual update along with supporting documentation. If no changes are noted, then your SBE status remains current. If there are changes, Metro will review to determine continued SBE eligibility. Please note, your SBE status remains in effect unless Metro notifies you otherwise.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Also, should any changes occur that could affect your certification status prior to receipt of the annual update application, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your SBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. Should you have any questions, please contact us at (213) 922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

General Conditions: Unless otherwise specified a 6-hour day, and an 8-hour night/weekend minimum will be incurred on any trucking day, as well as an 8% increase on all rates for nights and weekends. On all night work there will be a 24-hour cancellation policy or an 8-hour minimum will be applied. There will also be a 10% increase for all rubberized asphalt in transfers. **All tonnage quotes are per U.S. ton, based on full loads and direct routes to and from the jobsite and never will any averaging of standby be allowed. Standby will be assessed at the first point of arrival or delay due to the construction site (i.e., traffic control, detours, etc.) and will end when the truck is free and clear to return to the plant or point of origin without delay. If for any reason, there is a dispute over standby all tonnage prices will be reversed to hourly rates. If two or more trucks are sent back on standby and don't receive a load there will be a return charge applied for each truck that does not receive a load.** A fuel increase will be applied to all rates at 1% for every \$0.10 increase once fuel goes over \$6.50 per gallon. For a current rate on fuel please refer to www.eia.gov on-highway retail diesel prices. All quotes including material subject to change without notice depending on material availability. Also, please note that material prices do not include material environmental fees. All individual quotes will be void if this quote is not used in its entirety. All trucking rates shown are "non-prevailing" unless specified. WTB will pass on the extra costs associated with prevailing wage to the customer.** To ensure truck availability WTB requires a weekly estimate of trucks needed, with a minimum of 24-hour notice of confirmation for the scheduling of trucks. With the major shortage of trucks due to the new EPA state mandates, WTB will not be held liable for any shortages of trucks on any project. Please be advised WTB Inc. is a Vendor not a Sub Contractor.

Life of Quote: Unless otherwise specified herein this quote will be VOID 30 days after the noted bid date of WTB Inc. Due to material availability and price fluctuations all material prices will be VOID after 30 days.

Payment: All invoices shall be paid by the 20th of the following month. WTB Inc. is a Vendor-Supplier not a Sub Contractor, late payments will be assessed carrying charges at 1.5% compounded monthly on the outstanding balance. If a dispute arises between the parties, the prevailing party shall be entitled to recover attorney fees in addition to any other relief to which the party may be entitled.

Acceptance: Buyer shall SIGN and RETURN this quote sheet confirming "Special Conditions", price and estimated delivery date, via fax or return mail. **Failure to return a signed copy within 5 days after the start of quoted project constitutes complete and full acceptance.**

Sorry that I was not able to bid. I was unsure about how to fill out the necessary paperwork plus not sure of getting the additional general liability insurance.

Thank you for the opportunity

Hey Rebekah,

Mitchells Transport would be completing a rate sheet for the trucking I downloaded an read the bid in its entirety however there is no area to be able to add Trucking which made me believe that the trucking was not an area that was being quoted at this time and that instead you would like for us to just complete the sheet stating that we are interested in giving you all of our certification numbers in the meantime can you please send me over a scope of work for the trucking so I'll be able to send you over a quote for this project.

Thank you

Hey Rebekah,

Mitchells Transport would be completing a rate sheet for the trucking I downloaded an read the bid in its entirety however there is no area to be able to add Trucking which made me believe that the trucking was not an area that was being quoted at this time and that instead you would like for us to just complete the sheet stating that we are interested in giving you all of our certification numbers in the meantime can you please send me over a scope of work for the trucking so I'll be able to send you over a quote for this project.

Thank you

Mitchells Transport

Subject: Re: 24.0088 East Reedley Bridge Replacements Project - County of Fresno -Invitation to Bid

CAUTION: External Email.
Hey Rebekah,

Mitchells Transport would be completing a rate sheet for the trucking I downloaded an read the bid in its entirety however there is no area to be able to add Trucking which made me believe that the trucking was not an area that was being quoted at this time and that instead you would like for us to just complete the sheet stating that we are interested in giving you all of our certification numbers in the meantime can you please send me over a scope of work for the trucking so I'll be able to send you over a quote for this project.

Thank you

Mitchells Transport

Hey Rebekah,

Mitchells Transport would be completing a rate sheet for the trucking I downloaded an read the bid in its entirety however there is no area to be able to add Trucking which made me believe that the trucking was not an area that was being quoted at this time and that instead you would like for us to just complete the sheet stating that we are interested in giving you all of our certification numbers in the meantime can you please send me over a scope of work for the trucking so I'll be able to send you over a quote for this project.

Thank you

Mitchells Transport
