	<b>TOTAL</b>	<b>\$230,000.00</b>

**INCLUSIONS:**

- Reinforcing steel furnished and installed for concrete work, for the following price including current applicable taxes.

**EXCLUSIONS:**

- Furnishing and/or tying blocks on caisson, pile and/or light standard cages, Cost of parking and traffic control, Pulling, chairing or blocking mesh, Costs of commercial testing, field inspection, crane and street use permits, Cost of pour watchmen, Cost of bonds, penalties and liquidated damages, Pick up point steel and added reinforcing for erection stresses, All welding; furnishing rebar for welding except \_\_\_\_\_, Nelson studs, threaded and smooth round bars, inserts, sleeves and anchors, trim bars at tiebacks, field cutting rebar at tiebacks, SPEC allowance rebar, mesh, PT cable and labor, Field measurements, Drilling, grouting and dry packing, Cleaning, cutting and bending of existing steel or steel installed by others, Greasing, painting or wrapping dowels, Drilling, burning or punching holes for bars to pass, Reinforcing in all site work, exterior slabs, walks, curbs, gutters, planters and driveways except \_\_\_\_\_, Reinforcing in insulating or zonalite types slabs, Reinforcing in all precast or concrete filled metal stair treads and landings, Reinforcing in all slabs on ground except \_\_\_\_\_, Reinforcing in tile and/or terrazzo setting beds, Reinforcing in all precast work, Splices in masonry, wall verticals except at floor lines. (Add to splice verticals every 4'0" \_\_\_\_\_), Installation of rebar ties around anchor bolts, Anchors to hold shotcrete wall reinforcing, Repair of damage to greased and coated tendons when damage is caused by other trades, Marking of tendon locations, field coating of tendon anchorages, and stressing records, Rustproofing, concrete grouting or drypacking, and patching of blockouts or grommet holes after stressing is complete, Waiver of subrogation for insurance.

**CONDITIONAL:**

- Buyer shall furnish without charge the following items as they are required by seller: Lines, grades, templates, racks, scaffolds, space for delivery and storage of materials accessible to semi-tractor-trailer deliveries adjacent to place where the materials are to be installed and/or hoisted, Seller's price is based on working a normal 5 day, 40 hour week. Buyer agrees to pay seller for any extra labor and/or overtime authorized by the buyer. Payment for this work is due 30 days after billing, Performance is based on timely receipt of completed plans and adequate construction schedule to which seller is a party. Allow 5 working days after approval of detail drawings for fabrication and delivery, Seller will be notified in writing and given the opportunity to take corrective measures prior to the authorization of any action that results in backcharges for the seller's account. Authorized charges for the seller must be signed by seller's field superintendent or project manager and submitted within 30 days, Buyer shall furnish adequate protection to insure the safety of those working above exposed vertical reinforcing steel, Correction to work that has been damaged after approved for pouring shall be paid by the buyer, Materials shipped and/or installed after MM/DD/YY will be subject to an escalation charge, Payment terms net 30, no retention, Payments- Our price is subject to the understanding that we shall be entitled to prompt monthly payment for the value of material delivered and work installed, that our payments shall be conditioned on owner payment only to the extent of monies withheld by the owner due to some deficiency on our part, that our retainage shall not exceed 10% nor the percentage of retainage currently being held by the owner with respect to our work and that our final payment shall be due upon acceptance of our work, If changes are made to seller's detail drawings during the submittal process which involve revised costs, the buyer will process a change request to the owner prior to fabrication, Insurance- The seller agrees to furnish insurance for Worker's Compensation, General Liability and Automobile Liability. It is the intent that these coverages shall apply to the acts of the seller and his employees and not to other entities such as, but not limited to the buyer, owner and architect, The Subcontractor shall indemnify and hold harmless the Contractor, Owner, Architect or others from damages only to the extent such damages were caused by any negligent act or omission of the Subcontractor or anyone for whose acts the Subcontractor is liable, Should suit be filed by seller to collect amounts owed under this Subcontract, the Buyer agrees to pay for all actual costs for collection and/or attorney's fees.

**SPECIAL PRICING:**

Two hours of free unloading time will be allowed. Additional unloading time will be charged to the Buyer at \$90/hour.

Engineering/Estimating changes/revisions to placing drawings for additions/deletions to the original documents shall be extra to contract at \$105/hour.

**SPECIAL NOTES:**

*Per buyers request for a Lump Sum Firm Price, the above firm price includes a \$20/ton price adjustment every 3 months from the date of this proposal, based on proposed shipping schedule.*

**PRICE ADJUSTMENT:**

*The reinforcing bar price quoted is firm for 30 days of the date of this document. Effective the 31<sup>st</sup> day, the prices will be increased \$20/ton and \$20/ton every three months thereafter, cumulatively.*

*If at any time after the date of this proposal, the price of steel or other commodities significantly increase through no fault of Seller, the bar price will be increased by an additional amount reasonably necessary to cover any such price increase. As used herein, a significant price increase shall mean any change in price exceeding \_\_\_\_\_ percent (\_\_\_%) experienced by Seller at any time after the date of this proposal. Such price increases shall be documented through commercial quotes, invoices, receipts or other such documentation. Where the delivery of materials/goods within Seller's scope of work under this proposal is delayed through no fault of Seller, as a result of the shortage or unavailability of raw materials, components and/or products, the Seller shall not be liable for any additional costs or damages associated with such delay.*

**TERMS OF SALE:**Net 30 Days from date of invoice. No retainage allowed. Sales Tax not included. Buyer's obligation to pay seller is not contingent upon receipt by Buyer of payment from Buyer's customer or anyone else. Failure to maintain the payment terms as described in attachment 1, may lead to interruption of material supply to project without penalty to seller.

**CLAIMS:**

Seller will not be responsible for the cost for any alleged shortage or mis-fabrication if not notified within three days of unloading. The seller will not be responsible for any cost incurred for corrective action unless seller is given the opportunity to inspect, replace, or recondition the material.

**OTHER STIPULATIONS/CLARIFICATIONS:**

- This proposal is firm for 30 days from the date of this document for full acceptance.
- Full acceptance will be in accordance with Attachment 1 – Terms and Conditions.
- Seller needs approximately two (2) weeks from date shop drawings are approved (whether verbal or written) until delivery date of material. This allows time for listing, checking, fabrication, and delivery. Every attempt will be made to deliver material on shorter notice whenever possible to meet customer's schedule.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Seller's price is based on detailing, fabricating and delivery according to attachment 1 item 6. Performance will be based on conventional construction, timely receipt of (1) complete sets of plans ( as listed above), specifications and adequate written schedules to which seller has agreed. Contractor shall furnish design information, and construction schedules in sufficient time to allow for preparation and approval submittals. Additional lead time will be required for special mill rolling, spirals, epoxy coating and/or special mesh.

ATTACHMENT 1

TERMS AND CONDITIONS OF SALE AND DELIVERY

1) Buyer's Acceptance of Quotation. Buyer's acceptance of the offer made by Seller's Quotation shall be Buyer's acceptance of all of the provisions of the Quotation, including the terms and conditions set forth in this Attachment 1. Buyer's acceptance is expressly limited to Seller's terms and conditions, and any of Buyer's terms and conditions that are additional to or different from Seller's terms and conditions are objected to and shall have no effect. Seller may begin performance pending receipt of a fully executed final agreement between the parties. However, should the parties fail to execute a final mutually acceptable agreement, or should the terms and conditions of the Quotation be altered or modified, Seller reserves the right to immediately stop performance, and Buyer agrees to pay Seller the full value of the material and labor already furnished or in process. Buyer's acceptance of the above shall be conclusively evidenced by Buyer's accepting the Quotation, permitting/directing performance, or signing and returning the Quotation.

2) Contract Documents/Seller's Work/Flow-Through/Order of Precedence. The "Contract Documents" for the final agreement between the parties are: (a) the final agreement itself (excluding all items attempted by Buyer to be incorporated by attachment, reference or otherwise); (b) this Attachment 1 including the quotation; and (c) those documents and/or parts of documents that were furnished to Seller prior to the Quotation and expressly accepted in writing signed by Seller. Unless otherwise specified in the Quotation, materials and fabrication supplied and shop drawings prepared and furnished by Seller (the "Work") shall be performed in accordance with the Contract Documents, consistent with CRSI standards. Approval of Seller's shop drawings by Buyer's representative shall be deemed the correct interpretation of the Work. Seller shall have the benefit with respect to Buyer of all the same rights, remedies and redress that Buyer has with respect to Buyer's customer under Buyer's agreement with its customer. Where a provision of any other Contract Document is inconsistent with the provisions of the final agreement between the parties, as amended by this Attachment 1 including the proposal, the final agreement, as amended by this Attachment 1 and proposal, will prevail.

3) Scope. The scope of Seller's Work shall be as set forth in the final agreement between the parties, as amended by this Attachment 1 and the quotation. However, the Quotation is incorporated into the final agreement, and where a provision of any Contract Document is inconsistent with the Quotation regarding scope, the scope set forth in the Quotation will govern.

<b>Proposal Total:</b>	<b>\$ 120,784.00</b>
------------------------	----------------------

## Scope of Work

Addendums noted: 1

Price is based on 3 (three) mobilizations. Additional mobilizations will be \$8,000 each.

Our pricing is based on completion of DBE's work by July 1, 2026. Please add \$5/LF for any type barrier remaining on July 1, 2026 and an additional \$5/LF at 6 month intervals thereafter.

### DBE Excludes:

- 1) Temporary Concrete Washouts.
- 2) Traffic Control & Night Work.
- 3) Preparing for architectural painting & staining treatment and/or colored concrete. (Prime contractor to supply color for dry finish).
- 4) Footings (including Type "B" Footings).
- 5) Concrete.
- 6) Rebar, including inspection or verification of rebar placed by others.
- 7) Drill & Bond Dowel.
- 8) Excavation & Backfill.
- 9) Sandblasting of construction joints.
- 10) Furnish and installation of metal tube, grate and rail work (including formed holes for guard railing).

### DBE Qualifications:

- 1) All work to be performed in accordance with DBE Constructors, LLC general terms and conditions.

## General Terms and Conditions

### DEES BURKE ENGINEERING CONSTRUCTORS, LLC GENERAL TERMS & CONDITIONS FOR STRUCTURE BARRIER RAIL WORK

#### DBE INCLUDES:

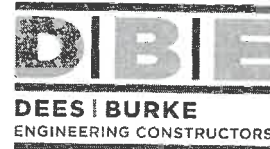

1. Forming, placing & finishing concrete railing from finished grade, bridge deck, top of retaining wall, or top of pile cap unless otherwise specified in the proposal.
2. Placing embedded items such as deck drains, post pockets, expansion joints, weakened plane joints, and cover plates. All embedded items to be furnished and removed by Contractor.
3. Water cure: DBE will place (not secure) Prime Contractor's rugs. Cure Compound: DBE will spray Prime Contractor's curing compound.
4. DBE's prices include all labor, equipment and material to complete the items of work listed above unless otherwise specified. DBE has based its pricing and this proposal on all of the items listed above being awarded to DBE. Items may be added or deleted only with the approval of DBE. DBE shall have the right to modify and increase its unit prices if not all of the items listed above are awarded to DBE.
5. All quoted work shall be constructed in accordance with the Standard Specifications for Public Works Construction, Caltrans Standard Plans and Specifications dated 2022, and the Contract/Design documents provided to DBE at the time of this proposal.

#### PRIME CONTRACTOR MUST PROVIDE AT NO COST TO DBE:

1. Line & grade furnished, installed & maintained; square pile caps to line and grade width of rail;
2. Ready mix concrete F.O.B. jobsite for tailgate placement in accordance with DBE's schedule;
3. Concrete pumping. If pumping is required, Contractor to provide boom pump. If line pump is provided, Contractor to also provide labor to drag hose and lift to top of barrier;
4. Rebar and electrical furnished, installed & adjusted to line and grade. DBE takes no responsibility for rebar or electrical not installed correctly by others.
5. Sandblasting bridge deck, retaining wall, top of footing or HE section, piles or pile cap to receive barrier rail;
6. Excavation or backfill to industry standard: Minimum clear distance of 18" required from face of formed footing. All excavation to be +0.0 to -0.1 feet from bottom of "HE" Section;
7. Granular fill (furnished and placed) of void at 60MF, 60MF(Mod), 60MGF or 60MGF(Mod) concrete barriers between walls from base to the bottom of concrete cap per Note 2C of Caltrans Standard Plans;
8. Footings, piles, pile caps, retaining walls or wing walls unless otherwise specified on our proposal;
9. Curing compound & maintenance of the cure;
10. Working access, minimum of 12 feet width, the full length of the rail for our boom truck & ready mix concrete trucks on one side and 20" minimum clear on opposite side of barrier rail for forming system and workers;
11. Adequate lights furnished, installed & maintained at all work locations when night work is required;
12. CAL-OSHA safety railing to include protective cover over environmentally sensitive areas, waterways, or traffic, 20" clear from edge of deck or face of wall for all types of concrete barrier rails.
13. On-site construction water.
14. All weather access to all work areas.

#### DBE EXCLUDES:

1. Installing sign bolts, forming & pouring sign or light pedestals or pilasters & furnishing & installing utility pipes or conduits & any decorative coatings, paint or sealers;
2. Anchor Blocks for guardrailing unless specifically included;
3. Sandblasting barrier rail, including architectural treatment, unless specifically included;
4. Weekend or night work, unless specifically included;
5. Vandalism repairs, including graffiti removal, after the barrier rail is placed & finished;
6. All inspection and quality control costs;
7. Furnishing embeds such as, but not limited to, deck drains, post pockets, expansion joints, styrofoam, expansion paper, miscellaneous metal, and anchor bolts. Installation of any embeds requiring our steel forms to be drilled or cut will be done and at the expense of the contractor including the repair of the metal forms ;
8. Traffic control, notifications and traffic control signage;
9. Spoil disposal (DBE will sweep into piles to be disposed by others);
10. Test panels, unless specifically included;
11. Performance and Payment Bonds and Bond premiums.
12. Permits and fees.
13. Builders Risk Insurance and Railroad Protective Insurance. Prime Contractor to provide certificate of insurance evidencing the Builders Risk policy and the deductible amount if a Builders Risk policy is obtained for the project.
14. Utility relocation, protection of utilities and service interrupt fees. Prime Contractor to be responsible for providing a minimum of 20 feet clearance for DBE's boom equipment from any energized overhead utility.
15. Installation, maintenance and removal, or any responsibility for, Storm Water Pollution Prevention measures. All storm water run-off to be directed away from DBE work area. Any damage caused by DBE will be repaired by DBE.
16. Security measures, watchmen, grading, dewatering and/or dust control.
17. Sanitary facilities in accordance with OSHA regulations.
18. Engineering, testing, surveying, staking and as-built drawings. Prime Contractor to supply survey for line and grade.
19. Temporary K-Rail, crash cushions, temporary delineation and removal of existing metal beam guard rail.
20. Excavation, Backfill and Shoring.
21. Installation, maintenance and removal of pedestrian access.
22. Street sweeping.
23. Partnering and DRB costs.
24. Temporary concrete washouts.
25. Cold weather concrete protection, including placing, maintaining and removing thermal blankets, and cold weather protection plans.
26. Furnish and installation of pipe sleeves or formed holes for metal guard rails. Pipe sleeves or formed holes to be furnished and installed by others

- prior to DBE placing concrete or to be drilled by others after barrier is completed.
27. Furnish, installation, and removal of scuppers, unless specifically included.
  28. All other work/items not specifically included.
  29. Project Safety Representative.

**DELAYS: DBE IS NOT RESPONSIBLE FOR DELAYS DUE TO THE FOLLOWING:**

1. Lack thereof, or incorrect Prime Contractor or other subcontractor-furnished materials;
2. Late ready mix concrete delivery in excess of ½ hour;
3. Lack thereof, or inadequate access;
4. Structure not ready.
5. Time lost due to the above or other delays out of the control of DBE including, without limitation, changed work, acts of God, inclement weather, acts of any government agency or third party, acts of terror, unsuitable ground conditions, differing site conditions or delays caused by or & in the control of the Contractor or its other Subcontractors or the Owner will be charged at Caltrans rates and markups and DBE will receive an extension of time to complete its work as is necessary as a result of such causes.

**PAYMENT SCHEDULE:**

Monthly progress payments will be due thirty (30) days from the date of DBE's invoice or seven (7) days after receipt from the Owner, whichever is earlier. Prime Contractor shall pay prompt payment penalties at 2% per month per state statute and interest on all amounts due and unpaid. If Prime Contractor fails to make payment when due, DBE shall have the right to stop work on forty-eight (48) hours' notice without any liability for project delay. Retention rate is not to exceed that withheld by the Owner. All retention will be released thirty-five (35) days after completion of DBE's work. DBE will be allowed to furnish securities in an escrow account in lieu of retention being withheld.

**FORCE ACCOUNT WORK:**

DBE is to receive all mark up with the exception of the percentage allowed to the Prime Contractor in the Prime Contract.

**WORK SCHEDULE:**

1. DBE requires 60 day preliminary written notice of move-in date, with final written notice given three weeks in advance.
2. DBE's work shall progress as bid per the contract documents in a linear progression most efficient to complete DBE's scope of work.
3. This proposal is based on a standard 8-hour shift, 5 days per week, with DBE's work to be performed in continuous operations, or as the job staging allows, in accordance with a mutually agreeable schedule, without delay by others. Prime Contractor shall furnish to DBE electronic copies of CPM baseline schedule and monthly updates.
4. If the baseline or any subsequent schedule dictates work being performed after the completion date set forth above, DBE shall have the right to receive increased payments from Prime Contractor and/or Owner to account for labor, equipment, and/or material price escalation and Prime Contractor shall also grant time extension(s) to DBE.

**INDEMNIFICATION:**

DBE and Prime Contractor (the "Indemnitor") will indemnify and defend the other (the "Indemnitee") for the Indemnitor's proportionate share of responsibility for the cause of any claims for injury or damages except to the extent arising out of the Indemnitee's negligence, whether in whole or in part. Additionally, DBE will not provide a waiver of subrogation unless it is required by the Prime Contract.

**CHANGES:**

DBE reserves the right to review and approve all Contract Change Orders relating to DBE work items prior to submittal and acceptance. Additional or changed work will be performed upon the completion of an executed Change Order, but Prime Contractor shall pay DBE for extra or changed work if DBE is given written or oral direction by Prime Contractor or Owner to proceed with such work.

**COVID-19:**

To the extent that there is a condition of the project as awarded or implemented which requires that non-vaccinated workers are to be tested, all costs for any and all such testing are excluded. Further, to the extent that there is a requirement imposed that all workers must be vaccinated or have a recognized exception due to religious or medical reasons, and such a mandate causes damages, including delay, loss of productivity and/or escalation, as well as other resulting damages, all such costs and damages and compliance are expressly excluded and shall be fully compensable to DBE.

## Proposal for Stormwater Services

Prepared On: July 9, 2024

**Project: East Reedley Bridge Replacements / CONTRACT # 24-07-C**

For: ESTIMATOR / GENERAL CONTRACTOR

Bid Date: 7/11/2024

We're a certified **DBE, WBE, and SBE** firm specializing in **Construction Stormwater General Permit, Industrial General Permit, and 401 Water Quality Permit** compliance and Environmental Engineering.

Bid Item	Item Description	Price	Unit	QTY	Subtotal
	<b>WPCP</b> Prepare Water Pollution Control Program per Caltrans requirements	\$ 1,000.00	EA	1	\$ 1,000.00 <i>x3</i>
	<b>Diversion Plan</b> Prepare Diversion Plan per Caltrans requirements	\$ 1,500.00	EA	1	\$ 1,500.00 <i>x2</i>
<b>Total</b>					<b>\$ 2,500.00</b> <i>\$ 6,000</i>

### Payment Terms

Fees will be billed monthly based upon the unit price and actual quantities completed. Fees will be due within 30 days of client's receipt of invoice. Late payments over 30 days past due may be subject to a 1.5% per month interest charge.

We kindly ask that payments are made in full for monthly invoices and do not include any retention with-holdings by the Client unless absolutely required by the project contract documents, and authorized in advance.

Additional QSP services will be billed at rate of \$125 per hour.

Additional QSD services will be billed at rate of \$135 to \$145 per hour.

### Exclusions

Proposals exclude Construction QSD and QSP services, WPCP Amendments, any agency permit-related fees, special badging, training, or insurance requests, lab costs, and installation and maintenance of Best Management Practices (BMPs).

### Timing & Deliverables

Submittals will be provided in a timely manner, and in electronic PDF format. Hard copies can be provided for a nominal fee upon request.

The Client is responsible for notifying Tully Consulting Group with anticipated start and end dates for this project, as well as when the project is completed, delayed, or suspended.

**EXHIBIT 15-H: PROPOSER/CONTRACTOR GOOD FAITH EFFORTS**

Cost Proposal Due Date \_\_\_\_\_ PE/CE

Federal-aid Project No(s). \_\_\_\_\_ Bid Opening Date \_\_\_\_\_ CON

The \_\_\_\_\_ established a Disadvantaged Business Enterprise (DBE) goal of \_\_\_\_\_ for this contract. The information provided herein shows the required good faith efforts to meet or exceed the DBE contract goal.

Proposers or bidders submit the following information to document their good faith efforts within five (5) calendar days from cost proposal due date or bid opening. Proposers and bidders are recommended to submit the following information even if the Exhibit 10-O1: Consultant Proposal DBE Commitments or Exhibit 15-G: Construction Contract DBE Commitment indicate that the proposer or bidder has met the DBE goal. This form protects the proposer’s or bidder’s eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

The following items are listed in the Section entitled “Submission of DBE Commitment” of the Special Provisions, **please attach additional sheets as needed:**

- A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications	Dates of Advertisement

- B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

Names of DBEs Solicited	Date of Initial Solicitation	Follow Up Methods and Dates

- C. The items of work made available to DBE firms including those unbundled contract work items into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation in order to meet or exceed the DBE contract goal.

Items of Work	Proposer or Bidder Normally Performs Item (Y/N)	Breakdown of Items	Amount (\$)	Percentage Of Contract
<hr/>				
<hr/>				
<hr/>				

- D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

Names, addresses and phone numbers of firms selected for the work above:

- E. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining information related to the plans, specifications and requirements for the work which was provided to DBEs:

F. Efforts (e.g. in advertisements and solicitations) made to assist interested DBEs in obtaining bonding, lines of credit or insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

Name of Agency/Organization	Method/Date of Contact	Results

H. Any additional data to support a demonstration of good faith efforts:

# Attachment #1

A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

Publications	Dates of Advertisement

SUB-QUOTES REQUESTED FROM QUALIFIED  
SUBCONTRACTORS, SUPPLIERS, TRUCKERS  
AND DBE FIRMS FOR:

**East Reedley Bridge Replacements**  
County of Fresno Contract No. 24-07-C  
Engineers Estimate: \$4,500,000 DBE Goal: 22%  
BID DATE & TIME: Thursday, July 11th, 2024 at 2:00 PM

SUB-QUOTES ARE BEING REQUESTED FOR VARIOUS  
ITEMS OF WORK INCLUDING, BUT NOT LIMITED TO:  
Aggregate, CIDH, Clearing & Grubbing, Concrete Barrier,  
Concrete Pumping, Construction Area Signs, Crash Cushion,  
Demolition, Erosion Control, Fencing, Grading, Guard Railing,  
Hydroseed, Temp. Railing, Landscaping/Irrigation, Lead  
Compliance Plan, Minor Concrete, Pavement Marker,  
Paving - Hot Mix Asphalt, Piping, Plain Asphalt Concrete, Ready  
Mix, Rebar, Roadside Signs, Roadway Excavation, Rock Slope  
Protection, Street Sweeping, Striping & Marking, Structural  
Concrete Quality Control, Structural Excavation, Structural  
Backfill, Surveying, SWPP, Traffic Control System, Trucking, Etc.

MCM will assist in obtaining bonds, lines of credit, insurance,  
necessary equipment, supplies, materials, as well as any related  
assistance in services. Plans and specifications are available in our  
office by emailing [bids@mcmconstruction.com](mailto:bids@mcmconstruction.com) or at  
<https://www.cdpbrow.com/scs/fo/ga/77077psur465002/ANZ-E1-JPC5SikKp00e49Q7mkey-d0n7moua1a5g5esqz89w03f43st-0m4452293d-0>. Questions will be broken down into comparable  
packages as reasonably necessary. Every Subcontractor is required  
to be registered with the State DIR to perform public work.

Subcontractors must be prepared to furnish payment and  
performance bonds issued by a California admitted surety that is  
acceptable to MCM. MCM will reimburse the Subcontractor for the  
premium costs of the bonds at standard premium rates not to  
exceed 1.5%. Subcontractor must possess current general  
commercial liability insurance and workers compensation insurance  
per Owner's requirements. MCM's listing of a subcontractor in its  
bid to the public agency is not to be construed as an acceptance of  
all of the Subcontractor's conditions or exceptions included with  
Subcontractor's price quotes. MCM is signatory to the following  
unions: Operating Engineers, Carpenters, Laborers, and Cement

Good Afternoon

Currently ATSI is booked for the next 8 months and will not be able to bid on this project

Thank you for your time and consideration. We look forward to providing your traffic control needs for future projects.

**With American Traffic and Safety, Inc. you can keep your crew focused on the project and let us focus on their safety.**

**QUALIFICATION/ASSUMPTIONS:**

1. Due to the current market volatility, TPS’s proposal quoted herein will be valid for the next 60 days. If the award has not been decided by the 60-day term, TPS holds the right to reevaluate the rebar pricing and labor costs.
2. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a part.
3. Reinforcement Grade: As per Caltrans standards, we considered all reinforcements are ASTM706 grade 60.
4. Lines, grades, supporting rebar templates, layout, and access ramps will be provided at no costs and Buyer is responsible for providing these items to complete our scope of work.
5. Safe access points of work, including tractor-trailer access to installation location will be presented by buyer or general contractor.
6. All reinforced steel and placing accessories will meet the “Buy America Act”. Transpacific Steel only purchases products from domestic manufacturers.
7. Pricing assumes billing for materials on hand submitted 15 days after receipt of notice to proceed payable within 30 days.

**EXCLUSIONS:**

1. Testing or inspection other than furnish certified mill certs from other.

Contractor/Client: MCM Construction  
Contact: Nichole Schafer  
Project Name: East Reedley Bridge Replacement

Date: July 11, 2024  
Estimate #: ET24051  
Project Location: Fresno, CA

2. Cost of bonds.
3. Hoisting. See Condition 4.d.
4. Smooth, galvanized, stainless steel bars.
5. On-Site installation work of any type for the CIDHP piles.
6. Lines, grades, and templates.
7. Anchors, all-thread rods, anchor bolts, studs, stud rails, sheathing, sleeves, and inserts.
8. Wrapping, coating, painting, or greasing of dowels.
9. Cutting, drilling, grouting, or dry packing & placing of grouted dowels.
10. Grinding or removal of nails, staples, and/or fasteners at exposed or unexposed soffits required for
11. components of subcontractor's scope.
12. Welding and/or dowels and welding of same to structural or miscellaneous iron.
13. Reinforcing for shoring or changes to the design due to tieback block-outs, waterproofing protection etc.
14. Grouting or patching of PT pockets, added cables due to friction losses, or installation of grease caps.
15. MEPF coordination; MEPF overlay info shall be provided by the Contractor at initial shop drawing development; re-working of shop drawings due to delayed or changed MEPF information shall result in additional cost to the Contractor/Owner.
16. Contractor to provide all drilling into forms for PT cables.
17. Removal of PT layout markings by Others.
18. Mockups for shotcrete, samples, test panels, or constructability.
19. BIM/3D shop drawings and coordination meetings for clash detection.
20. Splices in reinforcing bars, form-savers, field bending and/or const. joint dowels for Contractor's convenience.
21. Cost of pour watchman.
22. Special insurance provisions including: "Broad Form or Type 1 Indemnification", "Contractor's Pollution Liability" and "Additional insured status for Architects, Design Engineers or their consultants".
23. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following delivery or installation as directed by Contractor.
24. Reinforcing for masonry, site work, civil improvements or precast concrete.
25. Reinforcing for MEP concrete or trim steel for MEP penetrations.
26. Added steel over and under pipes/conduits within the slabs or decks.
27. Task Lighting and ventilation.

### **CONDITIONS:**

1. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party.
2. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of \$ 120.00 per hour.
3. Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to

Contractor/Client: MCM Construction  
Contact: Nichole Schafer  
Project Name: East Reedley Bridge Replacement

Date: July 11, 2024  
Estimate #: ET24051  
Project Location: Fresno, CA

be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. Within 30 days of Contractor's receipt of such notice).

4. Buyer to provide the following at no cost:
  - a) Lines, grades, supporting rebar templates, layout, and access ramps.
  - b) Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
  - c) Provision and maintenance of all required and necessary protection measures for exposed vertical reinforcing steel to maintain safety regulations (i.e. wood tops and/or safety caps).
  - d) Adequate crane service, operated by a NCCCO-certified operator, during straight-time working hours for unloading of trucks, hoisting of materials to the working levels and adjacent to points of installation, and for setting pre-assembled elements.
  - e) Adequate areas for staging, storage, and pre-assembly of materials.
  - f) Removal of spoils from footings, and small wire clippings caused by normal reinforcing installation.
  - g) Traffic control, flagmen, barricades, lane closures and all related permits.
5. In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.
6. In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
7. If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.

**TERMS OF PAYMENT:**

- A. Installed work - 95% of the contract value of work performed by the end of each month to be paid by the 30th day of the following month. Any Owner reduction of retention percentage shall be applied concurrently to payments to the Subcontractor. Final payment to be made within 30 days after substantial completion of the work under this agreement.

This proposal shall remain open for acceptance for 30 days.

**INCLUSIONS:**

- Reinforcing steel furnished and installed for concrete work, for the following price including current applicable taxes.

**EXCLUSIONS:**

- Furnishing and/or tying blocks on caisson, pile and/or light standard cages, Cost of parking and traffic control, Pulling, chairing or blocking mesh, Costs of commercial testing, field inspection, crane and street use permits, Cost of pour watchmen, Cost of bonds, penalties and liquidated damages, Pick up point steel and added reinforcing for erection stresses, All welding; furnishing rebar for welding except \_\_\_\_\_, Nelson studs, threaded and smooth round bars, inserts, sleeves and anchors, trim bars at tiebacks, field cutting rebar at tiebacks, SPEC allowance rebar, mesh, PT cable and labor, Field measurements, Drilling, grouting and dry packing, Cleaning, cutting and bending of existing steel or steel installed by others, Greasing, painting or wrapping dowels, Drilling, burning or punching holes for bars to pass, Reinforcing in all site work, exterior slabs, walks, curbs, gutters, planters and driveways except \_\_\_\_\_, Reinforcing in insulating or zonolite types slabs, Reinforcing in all precast or concrete filled metal stair treads and landings, Reinforcing in all slabs on ground except \_\_\_\_\_, Reinforcing in tile and/or terrazzo setting beds, Reinforcing in all precast work, Splices in masonry, wall verticals except at floor lines. (Add to splice verticals every 4'0" \_\_\_\_\_), Installation of rebar ties around anchor bolts, Anchors to hold shotcrete wall reinforcing, Repair of damage to greased and coated tendons when damage is caused by other trades, Marking of tendon locations, field coating of tendon anchorages, and stressing records, Rustproofing, concrete grouting or drypacking, and patching of blockouts or grommet holes after stressing is complete, Waiver of subrogation for insurance.

**CONDITIONAL:**

- Buyer shall furnish without charge the following items as they are required by seller: Lines, grades, templates, racks, scaffolds, space for delivery and storage of materials accessible to semi-tractor-trailer deliveries adjacent to place where the materials are to be installed and/or hoisted, Seller's price is based on working a normal 5 day, 40 hour week. Buyer agrees to pay seller for any extra labor and/or overtime authorized by the buyer. Payment for this work is due 30 days after billing, Performance is based on timely receipt of completed plans and adequate construction schedule to which seller is a party. Allow 5 working days after approval of detail drawings for fabrication and delivery. Seller will be notified in writing and given the opportunity to take corrective measures prior to the authorization of any action that results in backcharges for the seller's account. Authorized charges for the seller must be signed by seller's field superintendent or project manager and submitted within 30 days. Buyer shall furnish adequate protection to insure the safety of those working above exposed vertical reinforcing steel. Correction to work that has been damaged after approved for pouring shall be paid by the buyer. Materials shipped and/or installed after MM/DD/YY will be subject to an escalation charge. Payment terms net 30, no retention. Payments- Our price is subject to the understanding that we shall be entitled to prompt monthly payment for the value of material delivered and work installed, that our payments shall be conditioned on owner payment only to the extent of monies withheld by the owner due to some deficiency on our part, that our retainage shall not exceed 10% nor the percentage of retainage currently being held by the owner with respect to our work and that our final payment shall be due upon acceptance of our work. If changes are made to seller's detail drawings during the submittal process which involve revised costs, the buyer will process a change request to the owner prior to fabrication. Insurance- The seller agrees to furnish insurance for Worker's Compensation, General Liability and Automobile Liability. It is the intent that these coverages shall apply to the acts of the seller and his employees and not to other entities such as, but not limited to the buyer, owner and architect. The Subcontractor shall indemnify and hold harmless the Contractor, Owner, Architect or others from damages only to the extent such damages were caused by any negligent act or omission of the Subcontractor or anyone for whose acts the Subcontractor is liable. Should suit be filed by seller to collect amounts owed under this Subcontract, the Buyer agrees to pay for all actual costs for collection and/or attorney's fees.

**SPECIAL PRICING:**

Two hours of free unloading time will be allowed. Additional unloading time will be charged to the Buyer at \$90/hour.

Engineering/Estimating changes/revisions to placing drawings for additions/deletions to the original documents shall be extra to contract at \$ 105/hour.

**SPECIAL NOTES:**

*Per buyers request for a Lump Sum Firm Price, the above firm price includes a \$20/ton price adjustment every 3 months from the date of this proposal, based on proposed shipping schedule.*

**PRICE ADJUSTMENT:**

*The reinforcing bar price quoted is firm for 30 days of the date of this document. Effective the 31<sup>st</sup> day, the prices will be increased \$20/ton and \$20/ton every three months thereafter, cumulatively.*

*If at any time after the date of this proposal, the price of steel or other commodities significantly increase through no fault of Seller, the bar price will be increased by an additional amount reasonably necessary to cover any such price increase. As used herein, a significant price increase shall mean any change in price exceeding \_\_\_\_\_ percent (\_\_\_%) experienced by Seller at any time after the date of this proposal. Such price increases shall be documented through commercial quotes, invoices, receipts or other such documentation. Where the delivery of materials/goods within Seller's scope of work under this proposal is delayed through no fault of Seller, as a result of the shortage or unavailability of raw materials, components and/or products, the Seller shall not be liable for any additional costs or damages associated with such delay.*

**TERMS OF SALE:**Net 30 Days from date of invoice. No retainage allowed. Sales Tax not included. Buyer's obligation to pay seller is not contingent upon receipt by Buyer of payment from Buyer's customer or anyone else. Failure to maintain the payment terms as described in attachment 1, may lead to interruption of material supply to project without penalty to seller.

**CLAIMS:**

Seller will not be responsible for the cost for any alleged shortage or mis-fabrication if not notified within three days of unloading. The seller will not be responsible for any cost incurred for corrective action unless seller is given the opportunity to inspect, replace, or recondition the material.

**OTHER STIPULATIONS/CLARIFICATIONS:**

- This proposal is firm for 30 days from the date of this document for full acceptance.
- Full acceptance will be in accordance with Attachment 1 – Terms and Conditions.
- Seller needs approximately two (2) weeks from date shop drawings are approved (whether verbal or written) until delivery date of material. This allows time for listing, checking, fabrication, and delivery. Every attempt will be made to deliver material on shorter notice whenever possible to meet customer's schedule.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Seller's price is based on detailing, fabricating and delivery according to attachment 1 item 6. Performance will be based on conventional construction, timely receipt of (1) complete sets of plans ( as listed above), specifications and adequate written schedules to which seller has agreed. Contractor shall furnish design information, and construction schedules in sufficient time to allow for preparation and approval submittals. Additional lead time will be required for special mill rolling, spirals, epoxy coating and/or special mesh.

ATTACHMENT 1

TERMS AND CONDITIONS OF SALE AND DELIVERY

1) Buyer's Acceptance of Quotation. Buyer's acceptance of the offer made by Seller's Quotation shall be Buyer's acceptance of all of the provisions of the Quotation, including the terms and conditions set forth in this Attachment 1. Buyer's acceptance is expressly limited to Seller's terms and conditions, and any of Buyer's terms and conditions that are additional to or different from Seller's terms and conditions are objected to and shall have no effect. Seller may begin performance pending receipt of a fully executed final agreement between the parties. However, should the parties fail to execute a final mutually acceptable agreement, or should the terms and conditions of the Quotation be altered or modified, Seller reserves the right to immediately stop performance, and Buyer agrees to pay Seller the full value of the material and labor already furnished or in process. Buyer's acceptance of the above shall be conclusively evidenced by Buyer's accepting the Quotation, permitting/directing performance, or signing and returning the Quotation.

2) Contract Documents/Seller's Work/Flow-Through/Order of Precedence. The "Contract Documents" for the final agreement between the parties are: (a) the final agreement itself (excluding all items attempted by Buyer to be incorporated by attachment, reference or otherwise); (b) this Attachment 1 including the quotation; and (c) those documents and/or parts of documents that were furnished to Seller prior to the Quotation and expressly accepted in writing signed by Seller. Unless otherwise specified in the Quotation, materials and fabrication supplied and shop drawings prepared and furnished by Seller (the "Work") shall be performed in accordance with the Contract Documents, consistent with CRSI standards. Approval of Seller's shop drawings by Buyer's representative shall be deemed the correct interpretation of the Work. Seller shall have the benefit with respect to Buyer of all the same rights, remedies and redress that Buyer has with respect to Buyer's customer under Buyer's agreement with its customer. Where a provision of any other Contract Document is inconsistent with the provisions of the final agreement between the parties, as amended by this Attachment 1 including the proposal, the final agreement, as amended by this Attachment 1 and proposal, will prevail.

3) Scope. The scope of Seller's Work shall be as set forth in the final agreement between the parties, as amended by this Attachment 1 and the quotation. However, the Quotation is incorporated into the final agreement, and where a provision of any Contract Document is inconsistent with the Quotation regarding scope, the scope set forth in the Quotation will govern.

# Attachment #8

H. Any additional data to support a demonstration of good faith efforts:

As the DBE program is constantly evolving MCM Construction is continually researching new ways to improve our good faith outreach efforts. MCM is determined to meet the DBE goal whenever and however possible. MCM works with and helps guide DBEs. We've attended DBE training and networking events to try and increase our DBE participation. MCM works with larger subcontractors to break out packages for smaller disadvantaged firms and we also accept quotes from DBE firms even at a higher price, when reasonable.
