NARRATIVE

Fresno County Waterworks District 42 (WWD 42) was formed in 1972 to provide community water for the rural residential area located northeast of the intersection of Alluvial and DeWolf Avenues, and southeast of SR 168, east of the City of Clovis. WWD 42 currently serves 104 residential customers. Forty-three parcels within the area are not provided community water by WWD 42 as they are either undeveloped or served by private wells.

Currently all 104 residences have water meters, which were installed at the request of the Citizens Advisory Committee (CAC) to monitor water usage. The meters are not currently used for billing purposes as all customers are charged a flat rate for water use.

Water charges are collected on a bi-monthly basis.

PROPOSITION 218

The current rate structure was adopted pursuant to State Proposition 218 requirements on February 5, 2008, with the newly adopted rates becoming effective on March 1, 2008. The adopted rate structure left intact the collection of an annual Health Surveillance Fee of \$2.56 per year/per parcel, which is included on the property tax bill.

As identified in the Master Schedule of Fees, water charges are based on the size of pipe serving the residences. Currently all residences are served by 1½ inch connections.

On January 21, 2020, the Fresno County Board of Supervisors conducted a public hearing in accordance with State Proposition 218 concerning a proposed water service fee increase for WWD 42. As a result of a majority protest, the proposed fee increase was not passed and WWD 42's fees remained the same. In FY 2024-25, the district will continue exploring options for a new rate.
