Message from the Fresno County Clerk/Registrar of Voters Regarding Mis-Precincted Voters During the 2024 Consolidated General Election

FRESNO, CA –

Through a voter inquiry made after November 5, 2024, the Fresno County Clerk/Registrar of Voters Department (the “Department”) has identified a very small number of voters who were assigned to the wrong registration precinct during the November 5, 2024, Consolidated General Election. These voters were then mailed or otherwise provided a ballot for their incorrect registration precincts, instead of the appropriate ballot based upon their registration addresses. The Department has identified a total of 11 persons who voted in the November 5, 2024, Election who were affected by this error.

The Department is currently investigating the specifics regarding how and why these voters were assigned to the incorrect registration precincts. The Department will provide further information once our investigation advances. Once the facts are determined after the investigation, the Department will take all appropriate measures to protect Fresno County voters and prevent the assignment of incorrect precincts.
